What We Offer: Seven Valleys Design/Build specializes in renovations and kitchen and bath design. Company owner and certified kitchen designer Chuck Siebenthal has more than 30 years in the construction business.

“I’m a hands-on guy, even though I don’t bang the nail anymore,” Siebenthal says. His company can take homeowners from setting a realistic budget through design and construction. “It’s a simpler process for homeowners to have everything in-house, and that’s the way I’ve been doing business for 30 years,” Siebenthal says.

Our Advice to Homeowners: Get referrals from designers and contractors. Check out projects that are similar to the work you

want done, Siebenthal says.

Why We Are Seven Valleys design/build: Seven valleys is the English translation of Chuck’s German last name.
